Dear Mrs. Manley:

Marshell Williams told me we probally could get a job with your Ball Club and he also said he sent you a telegram about us. we have played professional Ball and would like to play with you. If you cant give us a job can you inform us to some else would like to have a pitcher and catcher? Marshell told us you were a very nice person to work for and if you give us a job we will do all we can for you.

Charles & Clyde Judson
